Photo: Joseph lost both his parents at a very young age and was left with nobody to care for him. He first came across WorldShare when he joined the New Generation Orphan Care program under Christian Fellowship Ministries in Uganda.

Noticing that he had no permanent home, Pastor John Wandera and his wife Jess invited him to come and live with them in their home. In Joseph's words, "I was raised like their own son. In this home I was assured of accommodation, food, love and attention." Joseph was determined to make the most of his opportunity for education. Today he is a qualified nurse, with a nursing diploma from the school of Hygiene and Clinical Officers. Joseph runs a small pharmacy and treats patients with minor medical issues that do not require a referral to hospital. He is supporting his siblings through school.

Joseph met a lovely young lady at nursing school and they are looking forward to getting married soon and starting a family. He hopes to take up further studies by enrolling for a medical degree.
