Photo - Studying at Sinclairs School in Bangalore City Mission is a dream come true for many children. A school with humble beginnings is now one of the top schools in Bangalore, offering world-class education to disadvantaged children who would traditionally fall into the trap of child labour. In February, WorldShare International Partnerships Director, Blaise Itabelo, witnessed an emotional and joyful graduation ceremony of over 20 students, many of them from quarry communities. For some it was a long journey – they had been rescued from a quarry and taken to a child care centre run by Bangalore City Mission. From there, with support and encouragement, they completed their studies.
