Front page photo description:

Noah and his family were disowned by his father when he was eight-years-old. His mother had no job and no land. From an early age Noah loved school and getting an education, but the financial pressure at home meant that as soon as he was old enough he began considering joining the army to feed his family. "The problem with that option was that coming back alive was 50/50 chance."

Despite this he began making preparations to join the army when he was informed a few days before setting off that CFM was willing to support him and encourage him to go back and finish his education.

"I did not believe the news until I saw myself step back into school. I can truly say that CFM saved my life."

Even better, on 30th November, Noah graduated to be a teacher of History and Christian Religious Education from Uganda Christian University. Praise God!

PRAYER & PRAISE

January 2019

"Pray in the Spirit on all occasions with all kinds of prayers and requests... be alert and always keep on praying for all the Lord's people."

Ephesians 6:18

Noah – My father abandoned us when I was eight-years-old and [before CFM's support] I had no other choice but to join the army to feed myself. I don't think I would've come back from that alive. I can truly say that CFM saved my life and saved me from starvation.

WorldShare 
connecting people to transform lives
