

Mon 22nd - Uganda

Pray for two of CFM's sponsor children and their mother, whose house was recently swept away during heavy rains. Pray that God will be with them as they shelter temporarily with their neighbours and hope to rebuild.

Tue 23rd - DR Congo

Pray that God would continue to bless Ephphatha's project to translate the bible into Congolese sign language.

Wed 24th - Cambodia

Praise God that Sen, the manager of Sunshine's School Development Program, and his wife have recovered from COVID-19. Praise God for those that took care of their children while they were taken into the treatment centre.

Thu 25th - WorldShare

Continue praying for Micah's End COVID For All campaign and that we can encourage the Australian Government to love our neighbour nations by providing vaccine support and our increasing our aid to these countries.

Fri 26th - India

Pray for the people of India as there is growing concern of a predicted third-wave of COVID-19. Pray that God will ease their fears and keep them safe.

Sat 27th - DR Congo

Pray for the HEAL team as they begin a new outreach and evangelism project, which will provide reconciliation and trauma counselling in vulnerable communities.

Sun 28th - Uganda

Pray for the two girls at Wakisa who are both looking to return home but are struggling with their fathers not accepting them. Pray that Wakisa can continue to help with the reconciliation process and that God will bring peace and acceptance to these families.

Mon 29th - Uganda

Wakisa is currently receiving more requests for help than they can accommodate and they've also recently had a number of girls with situations they weren't equipped for (e.g. severe mental illness, epilepsy, highly contagious diseases). Pray for Wakisa as they work to find places that can best serve these girls.

Tue 30th - DR Congo

Praise God for his protection over six HEAL staff members who were recently attacked by militia while in the field. They were driving back from the Mugunga camp (about 20km from Goma) when their car came under gun fire. Despite bullet damage to their radiator they were able to drive away and out of reach before the car stopped running. Miraculously everyone was kept safe but continue to pray for them as they have been traumatised by the event.

Week 1

Mon 1st - DR Congo

Praise God that, after a terrible third-wave, COVID case numbers are now going down in Goma (where our ministry partners HEAL Africa and Ephphatha serve). Praise God for keeping our partners safe during this time.

Tue 2nd - Uganda

Praise God that COVID-19 case numbers are going down in the community around the Wakisa Centre. Praise God for continuing to keep everyone at Wakisa safe.

Wed 3rd - India

Praise God that students in grades 6-10 have returned to classrooms. Pray that God will keep them safe from COVID-19 and that they can settle back into school well.

Thu 4th - Australia

Praise God that parts of Australia are starting to open up after months of lockdowns. Pray for God's peace and protection over those who are at higher risk of infection and might be anxious at this time. Also pray for people in parts of the country that remain locked down at this time.

Fri 5th - Cambodia

Praise God that (with lockdowns easing) Sunshine has been able to get out into the community and visit the families in their programs. Cases are still high though, so pray for safety and peace of mind for Sunshine as they serve their community.

Sat 6th - Uganda

Praise God that (with Uganda opening up somewhat) CFM's Chief Operations Officer, James, was recently able to celebrate his wedding to his wife Rena.

Sun 7th - DR Congo

Praise God that the construction of a baptism pool at the Ephphatha church was completed on time and also for the six Ephphatha members that were recently baptised.

Wed 10th - Cambodia

Praise God that schools are gradually reopening in Cambodia (starting in regions with low case numbers). Pray that the students in Sunshine's programs will have a safe and welcome return to classrooms soon.

Thu 11th - WorldShare

Praise God that Hollie (our Supporter Engagement Coordinator) was finally able to get married last month (after the wedding being held up by lockdowns). May God bless Hollie and Hardik and the rest of their lives together.

Around 65% of BCM's beneficiary families have lost their jobs. Pray that God would support them at this time and that, as things begin opening up, they can find work again soon.
